

Technical Brochures

Compact outdoor substation for MV Distribution networks up to 1000kVA. Low voltage fuse boxes (Pillars)
MV indoor switchgear for 20-15kV (400A-630A)

Oil insulated voltage transformer 20-15kV/100V, 25VA, class 0,5 Cast resin voltage transformer 20-15kV/100V, 25VA,
class 0,5

Cast resin current transformer, 10VA, class 0,5S FS5, for 20/24kV Low voltage current transformers Medium
Voltage fuse disconnectors type β ; ϵ ; τ ; α ; Fuse Cutouts

Single and three pole medium voltage 630A switch disconnecter

Single and three pole medium voltage 2000A switch disconnecter 420kV disconnecter
