

## Electrical equipment

Compact substations Compact outdoor distribution substations 20-15kV 200, 400, 630, 1000kVA

Instrument transformers Medium and low voltage current and voltage transformers

Medium voltage disconnectors Single and three pole medium voltage disconnectors

Medium voltage fuse disconnectors  
Fuse cutouts and BETA type fuse switch disconnectors

High voltage disconnectors Single pole outdoor high voltage disconnectors

Medium voltage surge arresters  
Outdoor type 5ka/21kV surge arresters for the distribution network

Fuseboxes (Pillars) Low voltage fuse boxes for the distribution network

Medium voltage panels  
Modular medium voltage metal enclosed panels
